PROFILE

Driven and proficient Frontend Developer with 1 year of hands-on experience in web development, testing and identifying errors in web applications. Pursuing a challenging role to apply my skills and propel high-quality solutions. Enthusiastically absorb knowledge and thrive within a dynamic team environment, utilizing my expertise to spearhead project success and surpass expectations.

PROFESSIONAL EXPERIENCE

Frontend Developer (Freelancer)

09/2024 – present

- Developed responsive web applications using React.js, TypeScript, JavaScript, HTML, and CSS, optimizing UI/UX for seamless performance across devices.
- Migrated static websites to React frameworks, enhanced scalability, and ensured efficient debugging, testing, and performance optimization.
- Collaborated with clients and teams, utilizing Git for version control and ensuring clear communication for successful project delivery.

Frontend Developer Intern

07/2023 – 07/2024

PureCode Software R&D India Pvt Ltd

Hyderabad,
Telangana, India

- Developed scalable web applications using React.js, JavaScript, HTML, CSS, and integrated Tailwind CSS & Mantine UI for high-quality, user-centric designs.
- Built MERN-based solutions, integrating APIs, analytics tools, and AI-driven technologies like GPT-4, PureCode AI, and Claude to enhance automation and system efficiency.
- Improved UI/UX consistency using Figma and Canva, designed email templates, and contributed to team collaboration through mentorship and continuous improvements.
